

## Lesson: Climate Action Lesson 3 of 5

### ACTIVITY OUTLINE

**Introduction of case study: The impact of climate change on coffee farmers in Nicaragua; describing graphics showing the impact of climate change on coffee farmers in Nicaragua using key vocabulary**

**Listening activities: finding key information using video files from a Nicaraguan coffee farmer (transcripts available in Spanish and English; see worksheet with suggestions of listening activities)**

**Differentiation: depending on the class, you can play the videos slower with VLC media player, so the pace Karla speaks is a bit more manageable.**

**Resources:**

**Video files of a coffee farmer in Nicaragua with transcripts in Spanish and English**

### CURRICULUM OUTCOMES

**Develop vocabulary linked to the environmental and social impacts of climate change**

**Use of authentic resources: read literary texts and listen to audio files in the language (such as personal stories, comments) to stimulate ideas, develop creative expression and expand understanding of the language and culture**

**Indicate the causes and consequences of a problem in Spanish using connectives and linking words**

**Practice listening skills**

### Lesson: Climate Action Lesson 3 of 5

## GLOBAL LEARNING OUTCOMES

CLIMATE  
ACTION

Students can explain the significance of the threat that climate change poses to life-forms on earth

They can describe in simple terms the connection between climate change and migration

Students can explain how and why climate change affects some places and communities more than others e.g. people in the majority world

Students understand that climate change will have an effect on the future of their lives and the lives of everyone in the world

Students can name some different consequences of climate change and how these affect people, animals and plants

**SMSC:** Ability to recognise and value the things we share in common across cultural, religious, ethnic and socio-economic communities. Investigating and offering reasoned views about moral and ethical issues. **British Values:** Mutual respect and tolerance of different beliefs, individual liberty.

## Action

### Join the Climate Coalition

They are the biggest group in the UK dedicated to taking action against climate change. They work to bring together different organisations to campaign for politicians to take action.
