Small group 'Desechos alimentarios' dominoes game- students match up the dominoes to establish some key facts about food waste in Spain.

Text message challenge – students piece together a text conversation about how to reduce food waste

Cero desperdicio en casa – 5 gestos simples. Picture prompt exploring other ways of reducing waste

Presentación en grupos.

Resources:

Video link <https://www.youtube.com/watch?v=yRTpzmivp6M&t=20s> and optional transcript of the video

Small group 'Desechos alimentarios' dominoes to be cut up and given out to groups.

Desechos alimentarios - text message challenge - to be cut up and placed in envelopes and pupils to work collaboratively to piece together the text and work out the meaning of Amélie's message to her mum.

CURRICULUM OUTCOMES

Skimming and scanning a Spanish text for key points / gist

Using a glossary / dictionary

Listening for key points

Translation from Spanish into English and English into Spanish

Higher level reading

Lesson: Food Waste

GLOBAL LEARNING OUTCOMES

ZERO HUNGER

Students know that the world produces enough food to feed everyone, but that many are underfed

RESPONSIBLE CONSUMPTION AND PRODUCTION

Students can explain how consumers' decisions can have an impact on global issues

Students understand that reducing individual waste makes a difference and can motivate others

SMSC: Ability to be reflective about their own beliefs and perspective on life, investigating and offering reasoned views about moral and ethical issues.

British Values: Mutual respect and tolerance of different beliefs, individual liberty.

Action

#FeedBelliesNotBins

The Real Junk Food Project is an effort to bring about radical change in our food system.

Levels of global food waste are a disaster for our planet and the people that live on it. They save perfectly edible food that would otherwise not make it to your plate!

The project have a number of activities including, Kindness into Schools.
